Mr. Michael K. Adams, PE, Executive Director
and Board of Commissioners
Water Authority of Dickson County
101 Cowan Road
Dickson, TN 37055

Dear Mr. Adams and Members of the Board:

Our office received a request on September 20, 2019, from the Water Authority of Dickson County (the "Authority") for a report on the plan of finance (the "Plan") for the proposed issuance of not to exceed \$18,500,000 Water and Wastewater Revenue Refunding Bonds, Series 2019 (the "Series 2019 Refunding Bonds").

The financial information received with the Plan includes the assertions of the Authority and may not reflect the current or future financial condition of the Authority or reflect either current market conditions or market conditions at the time of sale.

Plan of Finance

The Authority indicated the purpose of issuing the Series 2019 Refunding Bonds is to achieve net present value debt service savings.

The Authority intends to sell \$18,220,000 Series 2019 Refunding Bonds priced at par to current refund \$17,620,000 Water and Sewer Revenue Refunding and Improvement Bonds, Series 2013, maturing December 1, 2019 through December 1, 2032. The Authority has requested approval from the Tennessee Local Development Authority ("TLDA") to issue the Series 2019 Refunding Bonds on parity of lien with its outstanding State Revolving Fund loan agreements. The lien position of the Series 2019 Refunding Bonds is dependent on the TLDA's approval.

Balloon Indebtedness

The structure of the Series 2019 Refunding Bonds presented in the Plan does not appear to be balloon indebtedness. If the structure is revised, the Authority should determine if the new structure complies with the requirements of T.C.A. § 9-21-134 concerning balloon indebtedness. If it is determined that the bond structure constitutes balloon indebtedness, the Authority must submit a Plan of Balloon Indebtedness to the Director of the Office of State and Local Finance for approval prior to the Authority adopting the resolution authorizing the issuance of the debt.

Financial Professionals

The Authority has indicated that Kidwell & Company is its financial advisor. Financial advisors have a fiduciary responsibility to the Authority. Underwriters have no fiduciary responsibility to the Authority. They represent the interests of their firm and are not required to act in the Authority's best interest without regard to their own or other interests. The Authority prepared the Plan with the assistance of its financial advisor.

Compliance with the Authority's Debt Management Policy

The Authority provided a copy of its debt management policy, and within forty-five (45) days of issuance of the Debt, must submit a Report on Debt Obligation that indicates that the debt issued complies with the Authority's debt policy. If the Authority amends its policy, please submit the amended policy to our office.

Report for Publication

Pursuant to Tennessee Code Annotated, Title 7, Chapter 82, and Tennessee Code Annotated, Title 9, Chapter 21, prior to the adoption of a resolution authorizing the issuance of utility debt, a plan of finance must be submitted to the Director of the Office of State and Local Finance (the "Director") for review. The Director then issues a report on the plan (the "Report").

The Report must be published once during the week following its receipt in a newspaper of general circulation in the counties served by the Authority. Please post this letter, the Report, and submitted Plan on the Authority's website.

The enclosed Report does not constitute either the Director's approval or disapproval of the Plan. This letter and the enclosed Report do not address compliance with federal tax regulations and are not to be relied upon for that purpose. The Authority should discuss these issues with a bond counsel or tax attorney.

This report is effective for a period of ninety (90) days. If the finance transaction has not been completed during this time, a new plan of finance, with new analysis and estimates based on market conditions at that time, must be submitted to this office for the Director's report. We will then issue a report for publication on the new plan for the Board to publish in a newspaper of general circulation in the counties served by the utility Authority prior to the Board adopting a new bond authorizing resolution.

Required Notification

We recognize that the information provided in the Plan submitted to our office is based on preliminary analysis and estimates and that actual results will be determined by market conditions at the time of sale. However, if the actual results significantly differ from the information provided in the submitted Plan, the Chief Executive Officer or the Chief Financial Officer must notify the Authority's governing body and our office regarding these differences. Notification will be necessary only if there is a change of ten percent (10%) or more in any of the following:

- (1) An increase in the principal amount of the debt issued;
- (2) An increase in costs of issuance; or
- (3) A decrease in the cumulative savings or increase in the loss.

The notification must include an explanation for any significant differences and the justification for change of ten percent (10%) or more from the amounts in the plan. This notification should be presented to the Authority's governing body and our office with the required filing of the Report on Debt Obligation, Form CT-0253.

Municipal Securities Rulemaking Board (MSRB) – Required Disclosure

Local governments that issue municipal securities on or after February 27, 2019, should be aware that the Securities and Exchange Commission (SEC) adopted amendments to Rule 15c2-12 of the Securities Exchange Act that require reporting on material financial obligations that could impact an issuer's financial condition or security holder's rights. The amendments add two events to the list of events that must be included in any continuing disclosure agreement that is entered into after the compliance date:

- Incurrence of a financial obligation of the issuer or obligated person, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the issuer or obligated person, any of which affect security holders, if material; and
- Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of the financial obligation of the issuer or obligated person, any of which reflect financial difficulties.

To learn how to report these new disclosures please refer to the MSRB's Electronic Municipal Market Access EMMA® website (emma.msrb.org).

Municipal Securities Rulemaking Board (MSRB) Rule G-17

MSRB Rule G-17 requires underwriters and municipal advisors to deal fairly with the Authority in the conduct of its municipal securities or municipal advisory activities. The Securities and Exchange Commission approved MSRB Notice 2012-25 on the duties of underwriters to issuers of municipal securities on May 4, 2012. On August 2, 2012, this interpretive notice to MSRB Rule G-17 on fair dealing became part of federal securities law and underwriters are required to comply with its provisions.

These duties fall into three areas:

- statements and representations to issuers;
- disclosures to issuers; and
- financial aspects of underwriting transactions.

To learn more about the obligations of the Authority's underwriter (if applicable) and municipal advisor, please read the information posted on the MSRB website: www.msrb.org.

Refunding Analysis

- The results of the transaction assume that the Authority intends to sell \$18,220,000 Series 2019 Refunding Bonds to be offered by competitive sale and priced at par.
- Net present value savings is projected to be \$859,506, or 4.88% of the refunded principal amount of \$17,620,000.
- The savings are achieved by reducing the current average coupon from 2.85% on the Refunded Bonds to an estimated average coupon of 1.61% for the Series 2019 Refunding Bonds.
- The Authority intends to issue Series 2019 Refunding Bonds on parity of lien with the Authority's outstanding State Revolving Fund loan agreements. The lien position is dependent upon approval of the Authority's request for modification of lien position by the TLDA.
- Estimated costs of issuance are \$395,918 or \$21.73 per \$1,000 of the par amount of the Series 2019 Refunding Bonds. See Table 1 for individual costs of issuance.
